Subject and Author Index

Volume Three

of

The Journal of Radiology

1922

Published By
The Radiological Publishing Company
Omaha, Nebraska
U. S. A.

A

ABDOMEN: See pelvis and gastro-intestinal tract, also names of organs and regions.
ABRAHAMSON, H.: Koehler's disease (ab), Jan. 32
ACTINIC RAYS: See ultraviolet rays.
ACTINOMYCOSIS: X-ray treatment of (ab), Steinkamm, March 113
ADENOIDS:
Analysis of end-results of tonsillectomy and adenoidectomy (ab), Blauner & Orgel, Dec. 562
Roentgen ray treatment of chronically infected tonsils and adenoids (ab), Waters, Oct. 443
Treatment of focal infection of the throat by x-ray as compared with surgical removal of tonsils and adenoids (ab), Witherbee, April 129
ADHESIONS: Veils in right hypochondrium and their differentiation (ab), Cole, July 295
AIKINS, W. H. B.: Radium in the treatment of diseases of women (ab), Dec. 559
ALIMENTARY TRACT: See gastro-intestinal tract.
ALLISON, R. G.:
Roentgen diagnosis of pulmonary tuberculosis in childhood (ab), July 297
Thyroid therapy (ab), Sept. 394
AMBROSE, O.: X-ray diagnosis of gastric ulcer (ab), July 295
AMERICAN RADIUM SOCIETY: Program of May meeting, 1922, May 193
AMERICAN ROENTGEN RAY SOCIETY: Los Angeles meeting, September, 1922, Aug. 338
AMES, F. B.: Roentgen ray and tuberculosis in infants and children (ab), Oct. 445
ANDERSON, T. B. H.: Treatment of ringworm of scalp by roentgen rays (ab), Jan. 30
ANDREWS, G. C.: Injurious combined effects of roentgen rays or radium and topical remedies (ab), Jan. 30
ANIMAL EXPERIMENTATION: See research.
ANEURYSM of the aorta, and x-ray diagnosis (ab), Moreau, March 113
ANOMALIES:
Absence of radius with double ulnae (ab), Mau, Dec. 554
Dextrocardia (ab), Moore, Sept. 393
Double cervical ribs, Sankey, Nov. 489
Positional anomalies of the gastro-intestinal tract, Hubeny, Sept. 364
Spine, developmental anomalies of, Sutherland, Sept. 357
ANTHROPOMETRY: Roentgen ray anthropometry of skull, Pacini, June, 230; Aug. 322 & Oct. 418
ANTRUM: Squamous cell carcinoma of antrum treated with radium (ab), Blaisdell, Feb. 63
AORTA: Carcinoma of esophagus with perforation of aorta (ab), Carr & Hanford, Nov. 505
AORTITIS: X-ray diagnosis of (ab), Frazer & MacRae, June 250
APPENDICITIS:
Diagnosis of chronic (ab), Bogart & Cheney, June .. 250
Radiological study of appendix in chronic appendicitis (ab), Jaisson, April 150
ARENS, ROBERT A.: The gall-bladder, Oct. 411
ARMSTRONG, MARGARET: Tumors involving the oral cavity, upper respiratory passages and ears (ab), July 301
ASPRAY, JOSEPH: Roentgen rays as an aid in the diagnosis of diseases of the mastoids and sinuses (ab), July 298

B

BACHEM, ALBERT:
Physical foundations of deep therapy, April 123
Practical dosage of x-rays, Nov. 478
BACK:
Causes of back ache and leg pains (ab), Galbraith, June 248
Low back pain (ab), O'Ferrall, June 248
Sacralization of fifth lumbar vertebra (ab), Holland, June 248
Two hundred and eight cases of low back pain (ab), Kuth, June 248
BAETJER, F. H.: Roentgen examination of the gastro-intestinal tract (ab), Oct. 449
BAGG, HALSEY: Disturbances in mammalian development produced by radium emanation (ab), Nov. 501
BALL, CHARLES H.: Etiology, pathology, prognosis and treatment of acne (ab), Sept. 395
BARCLAY, ALFRED E.:
A Communication, March 103
X-ray analysis of sounds of speech, July 277
BARKER, LEWELLYS F.: Roentgenology and internal medicine (ab), Oct. 440
BARRINGER, B. S.:
Carcinoma of the prostate (ab), April 157
Radium treatment of carcinoma of the bladder (ab), Feb. 66
BARROW, S. C.: X-ray department of a private hospital (ab), Oct. 441
BASAL METABOLISM:
Basal metabolic ratings as a basis of classification and treatment of thyroid conditions (ab), Jones, Sept. 394
Control of x-ray therapy in hyperthyroidism, Jones, March 85
Hyperthyroidism, basal metabolism and radiography, Van Allen, March 83
Value of basal metabolic rate determination and the epinephrin test in the diagnosis and treatment of thyroid disorders (ab), Goetsch, July .. 298
——in diagnosis and treatment of hyperthyroidism (ab), Stoll, Oct. 445
BAYLESS, B. W.: Deep therapy plan, July 289
BAZIN, A. T.: Carcinoma of the rectum (ab), Aug. 351
BECK, C.: Surgical aspect of cancer, Dec. 517
BECK, E. G.: Radiotoxemia, its causes and suggestions for prevention, Aug. 301
BERRY, H. M.: X-ray diagnosis of gastro-intestinal diseases in childhood (ab), Nov. 503
BEVAN, A. D.: Cancer of the breast from the standpoint of the general practitioner and the general surgeon (ab), Oct. 448
BIERMAN, M. I.: Supernumerary pedal bones (ab), Oct. 445
BIERNATH, P.: Tuberculosis of the stomach (ab), April 150
BLACKMAN, J. R.: Effect of heavy radiation of the pleurae and lungs, Nov. 469
BLAISDELL, J. H.: Squamous cell carcinoma of the antrum treated with radium alone (ab), Feb. 63
BLAUNER, S. A.: Analysis of end-results of tonsillectomy and adenoidectomy (ab), Dec. 562
BLOOD: See research also.
Action of radium and x-rays on the blood-forming organs (ab), Levin, June 252
Action of serum from x-rayed animals on lymphoid cells in vitro (ab), Murphy, Liu & Sturm, May 211
Action of x-rays on mitosis of carcinomatous tissue and upon blood vessels (ab), Reichbold, Feb. .. 68
Action of x-rays on tumor albumins in the serum (ab), Debray & Tonnet, April 151
Changes in myelogenous leukemia following radium treatment (ab), Whitcher, Nov. 503
Erythrogenetic and leukogenetic functions of bone marrow in disease; roentgen ray treatment of erythemia (ab), Pendergrass & Pancoast, Aug. 350
Factors which determine the concentration of calcium and inorganic phosphorus in the blood serum of rats (ab), Kramer & Holland, Nov. . 503
Immediate effects of x-rays on the blood lymphocytes (ab), Leitch, Jan. 30; Russ, Jan. 31
Leukemia cutis, and treatment of four cases of leukemia with radium and x-rays (ab), McGlasson, Dec. 559
BLOODGOOD, J. C.:
Bone diseases: non-suppurating osteomyelitis (Garre), infectious ossifying periostitis (Bloodgood), Aug. 310
Central bone tumors and their differential diagnosis, with special reference to the latent and unhealed bone cysts in adults (ab), Dec. 554
Diagnosis of early breast tumors, based on their clinical picture or their gross and microscopic picture at exploratory operation (ab), Oct. 448
Editorial comment upon series of papers by Bloodgood, Oct. 431
Osteoporosis or lipomasia from fixation and non-use, Oct., 403, & Dec. 528
What every doctor should know about cancer (ab), Aug. 355
BLYTHE, V.: Diagnostic value of x-ray in joint diseases (ab), Oct. 446
BOGART, F. B.: Diagnosis of chronic appendicitis (ab), June 250

Boggs, R. H.:
Ante-operative radiation of carcinoma of breast (ab), Oct. 448
Obituary of, Aug. 338
Radium and deep therapy in the treatment of malignancy (ab), June 255
Treatment of carcinoma of the cervix and uterus (ab), Oct. 446
Treatment of glandular metastases of carcinoma (ab), June 256
Value of imbedding radium in carcinoma of breast, Aug. 317
Bolduc, A. G.: Metatarsophalangeal fractures with report of cases (ab), June 253
Bones: See fractures, names of bones and diseases also.
Absence of radius with double ulnae (ab), Mau, Dec. 554
Bone lesions and their treatment (ab), Rishmiller, Oct. 445
Central bone tumors and their differential diagnosis (ab), Bloodgood, Dec. 554
Diagnostic value of the x-ray in joint diseases (ab), Blythe, Oct. 446
Exostoses at end of long bones, Nessa, March 108
Extra bones in wrist and ankle (ab), Pirie, Feb. 62
Important points in bone surgery (ab), Walsh, Feb. 63
Koehler's disease (ab), Abrahamson, Jan. 32
Legg's disease (ab), Giles, July 261
Non-suppurating osteomyelitis, Bloodgood, Aug. 310
Os Calcis, radiograph of, Watters, Nov. 493
Osteochondritis, juvenile deforming (ab), Fenner, June 248
Osteoporosis or lipomasia from fixation and non-use, Bloodgood, Oct. 403, and Dec. 528
Peculiar characteristic metastarsal disease (ab), Panner, Aug. 346
Pelvis, radiographing the, (ab), Suggars, Aug. 345
Ribs, case of double cervical, Sankey, Nov. 489
Rickets, effects of ultraviolet rays upon blood count in (ab), Tisdall, Oct. 450
——etiology of in infants (ab), Chick, Hume, Mackay, Smith, Wimberger, Nov. 508
——experimental in rats (ab), Unger, Pappenheimer, Dec. 554
——expermiental in rats (ab), Hess, Unger, Steiner, Dec. 554
——newer aspects of problem (ab), Hess, Sept. 393
——note on x-ray diagnosis of (ab), Wimberger, Nov. 508
——prevention of rickets in the rat by use of mercury vapor quartz lamp (ab), Powers, June 251
——radiographic evidence of influence of cod liver oil in rickets (ab), Park & Howland, Jan. 32
——study of, with review of recent literature (ab), Giles, Sept. 399
Supernumerary pedal bones (ab), Bierman, Oct. 445
Tuberculous epiphysitis of the greater trochanter (ab), Keith, Dec. 561
Unusual bone formation in region of elbow joint, Murphy, March 109
Vertebrae, primary sarcoma of (ab), Kesmodel, Feb. 63

BOOK REVIEWS—

Touscy, S.: Medical Electricity, Roentgen Rays and Radium, March 120
Turrell, W. J.: Principles of Electrotherapy and Their Practical Application, May 212
Urwick, E. J.: Philosophy of Social Progress, March 111
Witherbee, W. D.: X-ray Dosage in Treatment and Radiography, Sept. 402
Bowen, C. F.:
Superficial malignancies (ab), Aug. 347
Use of radium needles in treatment of cancer, July 265
Bowing, H. H.: Radium and roentgen ray treatment in metastatic testicular tumor, Dec. 519
Bowman, W. B.: Fractured vertebrae (ab), April 159
Brain: See tumor and carcinoma also.
Effect of radium on the normal tissues of the brain and spinal cord of dogs, and its therapeutic application (ab), Pendergress, Hayman, Houser, Rambo, Dec. 562
Endothelioma of the dura (ab), Mix, Nov. 509
Pott's puffy tumor (ab), Mix, Nov. 509
Treatment of tumors by radiation (ab), Pancoast, May 205
Bram, I.: Hyperthyroidism (ab), June 253
Breast: See cancer also.
X-ray treatment of benign hypertrophy of (ab), Mayer, March 113
Breuer, M. J.: Tuberculosis in discharged soldiers (ab), Jan 34
Bright, E. M.: Effects of radium rays on metabolism and growth in seeds (ab), Nov. 502
Brown, P. K.: Criticism of recent interpretations of annular shadows in lung roentgenograms (ab), Nov. 503
Bruce, H. A.: The cancer problem (ab), Aug. 355
Buckstein, J.: Importance of roentgen localization of the intestinal tube (ab), Aug. 351
Bumpus, H. C.:
Cancer of the prostate (ab), Oct. 446
Radium in Cancer of prostate, July 296
Roentgen rays and radium in diagnosis and treatment of cancer of prostate (ab), Aug. 352
Bunts, F. E.: End-results of operations for cancer of breast (ab), Nov. 501
Burnham, M. P.: Criticism of recent interpretations of annular shadows in lung roentgenograms (ab), Nov. 503
Burns:
Injurious combined effects of roentgen ray or radium and topical remedies (ab), MacKee & Andrews, Jan. 33
X-ray dermatitis (ab), Snow, Feb., 61 and March 114
Burrows, A.:
Problem of radiotherapy of cancer (ab), Nov. 506
Treatment of advanced carcinoma of the uterus by radium (ab), Feb. 61
Burwell, E. B.: Foreign body in eye and orbit located by fluoroscope (ab), Feb. 65
Business: Business side of x-ray (ab), Sunderlof, June 250

C

Caldwell, G. T.: Relation of temperature changes to roentgen ray skin reactions (ab), July 296
California, installation requirements in, Oct. 430
Campbell, D. M.: X-ray demonstration of nasolacrymal passageways (ab), Sept. 399
Canadian Radiological Society:
Annual convention, June 244, and Sept. 390
Consultation bureau, June 244
Officers, Sept. 390
Cancer: See carcinoma, tumor and names of organs and regions.
And parasite (ab), Kross, Dec. 572
Benign and malignant gastric ulcers from a roentgenologic viewpoint (ab), Carman, March 116
Campaign against (ab), Wood, Feb. 61
Cancer problem (ab), Bruce, Aug. 355
Combined use of x-ray and radium in malignancy (ab), Clark, Feb. 65
Concerning radiation in pelvic cancer (ab), Soiland, April 159
Critique of modern roentgenotherapy in cancer (ab), Sittenfield, Aug. 354

Effect of cellular reaction induced by x-ray upon cancer grafts, Murphy & Hussey, Jan..... 19
Efficiency in diagnosis of neoplasms (ab), McCarty, Oct. 444
Electrocoagulation combined with radiation in malignancy (ab), Pfahler & Widmann, Oct..... 443
End-results as influenced by type, reaction, location and age (ab), Mayo, Nov..... 506
Extravagant claims of cure (ab), Editorial in Illinois M. J., Jan..... 31
European impressions and personal experience with high voltage x-rays (ab), Milwee, Aug..... 354
Inheritability of in mice, Slye, Nov..... 453
Its character and causes, Loeb, Oct..... 407
Malignant glands and their proper treatment with radium (ab), Hanford, Nov..... 506
Management of certain types of malignancies (ab), Landham, March..... 117
Medical side of cancer problem (ab), Scott, Aug... 355
Mode of radiation upon carcinoma (ab), Ewing, Sept. 399
Modern views of (ab), Saltzstein (ab), Dec..... 552
New intensive deep roentgen therapy and cancer (ab), Schroeder, Oct..... 443
New x-ray technique in malignancy (ab), Dieffenbach, June..... 255
Originating in porokeratosis, successfully treated by roentgen rays, Hazen, Dec..... 537
Personal observations regarding new roentgen technique (ab), Schroeder, July..... 296
Possible relation of secretin to cancer (ab), Prentiss, May..... 207
Possibilities of irradiation in malignant disease (ab), Clendinnen, Aug..... 355
Present field for x-rays and radium in malignant neoplasms (ab), Stone, Oct..... 444
Present status of deep roentgen therapy in Europe (ab), Stewart, Aug..... 354
Problem in southern states (ab), Hoffman, June... 254
Progress and promise in new x-ray treatment (ab), Case, March..... 116
Radiations in treatment of (ab), Knox, Sept..... 398
Radiotherapy and electro-coagulation in malignancy (ab), Pfahler & Widmann, July..... 297
Radiotherapy in certain benign conditions (ab), James, Oct..... 442
Radiotherapy of malignant tumors (ab), Goosmann, Feb. 66
Radium and deep therapy in malignancy (ab), Boggs, June..... 255
Radium and roentgen ray therapy in malignancy, indications, etc., Desjardins, June..... 226
Radium needles in the treatment of, Bowen, July... 265
Radium therapy problem (ab), Burrows, Nov..... 506
Recurrence versus metastasis (ab), Eliot, Nov.... 506
Relation of muscular activity to carcinoma (ab), Sivertson, Dec..... 553
Relative value of surgery, x-rays and radium in cancer (ab), Levin, March..... 118
Roentgen rays and radium in superficial lesions (ab), Jackson, Oct..... 443
Roentgenotherapy of malignant neoplasms (ab), Steinthal, Nov..... 506
Sarcoma: See main heading.
Secondary manifestations of malignant disease (ab), Primrose, Nov..... 506
Superficial malignancies (ab), Bowen, Aug..... 347
Surgical aspect of, Beck, Dec..... 517
Therapeutic aspect of irradiation in superficial malignancy (ab), Solland, Jan..... 31
Treatment of glandular metastases (ab), Boggs, June 256
Underlying principles in radiotherapy of malignant tumors (ab), Holfelder, Sept..... 399
What every doctor should know about cancer (ab), Bloodgood, Aug..... 355

CARCINOMA:

Brain, histopathology of carcinoma of brain (ab), Hassin & Singer, Oct..... 449
Breast, carcinoma of:
——ante-operative radiation (ab), Boggs, Oct. 448
——diagnosis of early breast tumors (ab), Bloodgood, Oct..... 448
——does radiation enhance postoperative recurrence, Sittenfield, Nov..... 476
——end-results of operations (ab), Bunts, Nov. 501
——from standpoint of general practitioner and general surgeon (ab), Bevan, Oct..... 448
——radiotherapy of (ab), Pfahler, May..... 210
——recent experiments in treatment, Merritt, Sept. 373
——results from radiation of primary inoperable (ab), Lee, Nov..... 501
——treatment of (ab), Erskine, May..... 210
——treatment of (ab), Kuegle, Dec..... 558
——value of radium in, Boggs, Aug..... 317
——x-ray and general surgery (ab), Prince & Wood, March..... 112
Bladder, carcinoma of:
end-results of operation for (ab), Lower, Nov. 507
——radium in cancer of (ab), Smith, April.... 155
——radium treatment of (ab), Barringer, Feb. 66
Cervix, carcinoma of:
——carcinoma of the cervix (ab), Garrett, Dec. 559
——early diagnosis and treatment (ab), Skeel, Jan. 33
——histological study of effects of radium (ab), Norris & Rothschild, Feb..... 62
——present position of treatment (ab), Shaw, March 118
——treatment by radium and deep x-ray therapy (ab), Boggs, Oct..... 446
Esophagus, carcinoma of:
——new sign to distinguish carcinomatous and non-carcinomatous stenosis (ab), Weber, Dec. 555
——radium technique in treating cancer of esophagus (ab), Hanford, March..... 118
——with perforation of aorta (ab), Carr & Hanford, Nov..... 505
Face, carcinoma of:
——carcinoma of the antrum (ab), Greene, Dec. 560
——epithelioma of the face treated by radium (ab), Mann & Taussig, April..... 154
——modern treatment of cancer of the lip (ab), Pancoast, Aug..... 347
——radiotherapy in eye, ear, nose and throat (ab), Fernandez, Oct..... 449
——squamous cell carcinoma of the antrum treated with radium alone (ab), Blaisdell, Feb. 63
——treatment of cancer of the jaw (ab), Oschner, Nov..... 509
——treatment of cancer of the lip by radiation, electro-coagulation or surgery, Pfahler, June 213
——two advanced cases of carcinoma of face (ab), Kelly, July..... 301
Lung, carcinoma of:
——primary carcinoma of lung (ab), Rizer, Aug. 349
——roentgenology in primary cancer of the lung (ab), Carman, March..... 112
Mouth, throat and neck (carcinoma of):
——end-results of treatment in certain forms of malignancy of neck (ab), Tinker, Nov. 510
——radiotherapy in carcinoma of larynx, Pfahler, Dec..... 511
——radium therapy in cancer of mouth and throat (ab), Field, June..... 255
——statistics and technique of treatment of laryngeal neoplasms (ab), Quick & Johnson, Dec..... 563
——treatment of carcinoma of thyroid by roentgen rays and radium (ab), Pfahler, May 205
——treatment of malignant neoplasms of tonsils, Quick, May..... 173
——treatment of malignant tumors of pharynx and larynx (ab), Novak, June..... 256
Pancreas, possibilities of roentgen ray treatment in cancer of (ab), Richards, July..... 295
Prostate, carcinoma of:
——cancer of (ab), Bumpus, Oct..... 446
——carcinoma of (ab), Barringer, April..... 157
——radium in cancer of the prostate (ab), Bumpus, July..... 296
——roentgen rays and radium in diagnosis and treatment of (ab), Bumpus, Aug..... 352
——technique of radium treatment of carci-

noma of prostate and seminal vesicles (ab), Young, March 114
——treatment of carcinoma of prostate (ab), Cunningham, April 156
Rectum, carcinoma of:
——carcinoma of rectum (ab), Bazin, Aug.... 351
——treatment of cancer by radium (ab), Quick, March 119
Uterus, carcinoma of:
——radiation treatment of uterine cancer (ab), Tyler, July 296
——radium treatment of uterine cancer (ab), Donaldson & Knappenberger, May 207
——rationale of radiation in female pelvis (ab), Soiland, Jan 29
——review of course and treatment of carcinoma uteri (ab), McArthur, May 209
——treatment by radium and deep therapy (ab), Boggs, Oct 446
——treatment of advanced carcinoma of uterus by radium (ab), Burrows, Feb 61
Vagina, carcinoma of:
——roentgen treatment of portio vaginalis (ab), Martius, Nov 500
——treatment of primary carcinoma of vagina with radium (ab), Stacey, May 204
CARMAN, R. D.:
Benign and malignant gastric ulcers from roentgenologic point of view (ab), March 116
Errors in roentgenological diagnosis of duodenal ulcer, May 163
Roentgenologic diagnosis of gastric cancer (ab), April 158
Roentgenology in primary cancer of the lung (ab), March 112
CARMODY, T. E.: Treatment of suppurative conditions of the lungs (ab), Sept 402
CARR, J. G.: Carcinoma of esophagus with perforation of aorta, radium therapy, (ab), Nov 505
CARTER, J. M.: X-ray demonstration of nasolacrymal passageways (ab), Sept., 399; Dec 521
CASE, J. T.:
Progress and promise in the new x-ray treatment of cancer (ab), March 116
Review of three years work and articles on pneumoperitoneum (ab), March 116
Technical and clinical aspects of deep roentgen therapy (ab), Dec 557
CERVIX: See cancer and carcinoma:
Treatment of ulcers resulting from radiation of cervix, Finlay, Nov 494
CHASE, C.:
American literature on radium and radium therapy prior to 1906 (ab), July 301
Remarks on dosage of radium and form and method of its application (ab), July 301
CHENEY, W. H.:
Diagnosis of chronic appendicitis (ab), June 250
Diagnosis of gall-bladder disease (ab), July 297
CHEST: See lungs, also tuberculosis.
Conception of chest x-ray densities based on a study of granite dust inhalation (ab), Jarvis, Aug... 348
Dermoid cysts in the chest, Murphy, Jan 8
Empyema of chest (ab), Thompson, Aug 349
Homogeneous radiation of chest, Erskine, Jan. 5, and errata in same, Feb 58
Observations on a new method of x-ray therapy in psoriasis (ab), Foerster, Jan 33
Roentgenography of chest, Wasson & Waring, Jan.. 1
Roentgenologic examination of trachea in diseases of thorax (ab), Segalitzer, March 113
Sarcoma of mediastinum (ab), Dewitt, Jan 27
X-ray and clinical findings in normal chests of children, National Tuberculosis Asso., July 274
X-ray studies of mediastinal shadows with special reference to dermoid cysts, Kahn, March 93
CHILDREN: See infants, also names of organs, diseases and regions.
X-ray and clinical findings in normal chests of, National Tuberculosis Asso., July 274
X-ray in diagnosis of gastro-intestinal diseases in childhood (ab), Berry, Nov 503
CHRISTIE, A.: Observations on the copper filter in roentgen treatment (ab), Aug 355

R

RADIOLOGICAL SOCIETY OF NORTH AMERICA—
Annual meeting:
——December, 1921, account of (ed), Jan. 21
——December, 1922, announcemnt of meeting and railroad fares to, Aug., 338; Sept. 389
——program of meeting held December, 1922, Nov., 486; Dec. 531
Corresponding members (ed), Feb. 58
Exhibits and exhibitors at Detroit, December, 1922, Oct., 431 and 432; Nov., 495; Dec. 546-551
Gold medals awarded December, 1921, Feb. 58
Honor men awarded degrees December, 1921, Feb. 58
May meeting, 1922:
——announcement of, April 143
——features of, July 284
——program of, April, 143 and May 192
RADIOLOGIST:
Problems of (ab), McCandless, April 158
Role of (ed), Oct. 427
Status of in small communities, Kann, April 139
RADIOLOGY: See radiotherapy and roentgenotherapy.
And physics (ab), Kaye, July 300
Ethics of (excerpt from editorial in J. Michigan M. S.), Aug. 348
First bilingual congress of radiology:
——an account of first meeting (ab), Sept. 395
——announcement of (ed), April 143
——papers read (abstracts of), Nov., 504 and Dec. 556-557
Protection methods in high voltage roentgenotherapy, Milwee, March 105
——of patient, Goosmann, Jan. 25
——support to protect patient, Rush, June 245
Radiological Clinic of Philadelphia General Hospital (ab), Duane, Nov. 500
Review of American radiology (ed), Sept. 386
RADIOTHERAPY: See dosage and also roentgenotherapy.
An experience with radium (ab), Dreher, Sept. 396
British M. A. lecture on radiotherapy (ab), Knox, Sept. 397
Clinical observations of radium therapy (ab), Hanford, June 259
Combined use of the roentgen ray and radium in treatment of malignancy (ab), Clark, Feb. 65
Deep therapy, Soiland, April 146
——discussion of at first bilingual congress of radiology (ab), Dec. 557
——physical foundations of, Bachem, April 123
——treatment room, Tyler, April 147
Foreign:
——intensive x-ray therapy as seen practiced in European clinics (ab), Ernst, March 120
——new intensive deep roentgen therapy and its application (ab), Schroeder, Oct. 443
——new x-ray therapy (ab), Goosmann, Feb. 67
——personal observations (ab), Schroeder, July 296
——practical status of deep therapy with advent of x-ray intensities (ab), Ernst, Aug. 353
——present status of deep roentgen therapy in Europe (ab), Stewart, Aug. 354
——progress and promise in new x-ray treatment of cancer (ab), March 116
——radium and x-ray therapy in malignancy, Desjardins, June 226
——relative value of surgery, radium and x-rays in cancer therapy (ab), Levin, March 118
——underlying principles in radiotherapy of malignant tumors (ab), Holfelder, Sept. 399
General considerations of radiotherapy (ab), Graham, Oct. 443
In certain benign and malignant conditions (ab), James, Oct. 442
